Quick Installation Guide

Installation:
For desktop or countertop 1/2" to 2" thick

1. Use a Forstner Bit (preferred) or hole saw to cut 2-3/4" diameter hole.

Quick Installation Guide

Installation:
For desktop or countertop 1/2" to 2" thick
2. Place CubiePod™ in hole.

Quick Installation Guide

Installation:
For desktop or countertop 1/2" to 2" thick

3. From the underside, tighten the threaded mounting ring

4. Drill pilot holes at the desired screw location. A 1/16" or 3/32" drill bit should be used to reduce the risk of splitting the wood. Install 3 wood screws (included) through mounting ring and into the pilot holes.
Quick Installation Guide

Installation:
For desktop or countertop 1/2" to 2" thick

5. Fasten 3 wood screws to secure CubiePod.

6. Plug directly into wall AC outlet. Do not plug into another surge protector or extension cord.
Quick Installation Guide

Installation:
For desktop or countertop 1/2" to 2" thick

7. For cable management, use C-Clamp. To attach C-Clamp, drill pilot holes into furniture (desk or nightstand) at the desired screw location. A 1/16" or 3/32" drill bit should be used to reduce the risk of splitting the wood. Install Wood Screws (included) through C-clamp and into the pilot holes.

Technical Specifications

Continuous Duty Electrical Rating
125VAC 12A 60Hz 1500W

EMI/RFI Filtration
150kHz-1000MHz up to 40db

Maximum Energy Dissipation
900J L-N 300J L-G 300J N-G 300J

Surge Response Time (ns)
<20 ns

Maximum Spike Current
36000A L-N 12000A L-G 12000A N-G 12000A

Working Temperature
-40°C – 80°C

UL Clamping Voltage (3-line)
UL962A 800V

Power Cord
6ft 15W 3-line

AC Outlets Output
125V 12A

Housing Material
UL94V-0

Powered USB Output
5V/2.4A shared

Working Surroundings
Indoor Fix Mount

Important Safeguards

• CAUTION – Do not install this device if there is not at least 10 meters (30 feet) or more of wire between the electrical outlet and the electrical service panel.

• Ensure that the unit is plugged into an AC120V~60Hz outlet. The use of incorrect outlets could cause the unit to malfunction or catch fire.

• To reduce the risk of fire or electrical shock, do not use this device with a receptacle in which the slot openings do not align with the blades.

• Do not allow children to operate the unit without adult supervision.

• Always ensure the product is unplugged from the electrical outlet before relocating or cleaning it.

• Keep the power cord and product away from heated surfaces.

• The unit should not be exposed to dripping or splashing and no objects filled with liquids, such as vases, should be placed on or around the product.

• Do not place or drop product into water or other liquids. If product falls into water, immediately unplug it from the electrical outlet; do not pull on power cord.

• Do not put any stress on the power cord where it connects to the product as the power cord could fray and break.

• Do not plug/unplug the product into/from the electrical outlet with a wet hand.

• Do not operate the product if it has a damaged or cut power cord or adapter, if wires are exposed, if it malfunctions, if it is dropped or damaged, or if it is dropped in or exposed to water.

• Place the unit where there is good air circulation.

• This product has no user-serviceable parts. Do not attempt to examine or repair this product yourself. Only qualified service personnel should perform the servicing; take the product to an electrical repair shop of your choice for inspection and repair.

• No open flame sources, such as candles, should be placed on the product.

• Product should only be used indoors and in dry locations. It should not be used with aquariums or other water-related products.

The Brandstand Difference

Surge Protection
All Brandstand Cubie products pass:
• UL 962A for Furniture Power Distribution Units

Liquid Spill Testing
For enhanced safety, the Cubie Product Line was designed for and successfully passed a UL spill test conducted by our ETL testing lab.

Pass-Through Power
The pass-through power plug allows another device (i.e. lamp or alarm clock) to be plugged into the same wall outlet used by the Cubie Product.
