PowerHub USB | TA-7535US

S P E C I F I C A T I O N

This fully-enclosed and corded product is designed to be mounted flush into furniture and case goods. PowerHub is fully UL compliant and now includes Tamper Resistant Outlets. Designing guest-rooms and public spaces with easy to reach power and USB charging ports has never been easier.

- Provides guests with four easy-to-find charging outlets.

- Uniquely designed for installing flush into furniture, millwork or case goods.

- Two AC outlets and two USB device charging ports.

- High-current/fast-charging USB port supports wide range of portable devices including smartphones and tablets that require higher USB charging current.

- Available in US, UK and EU plug configurations.

- Engineered for safety with 10-Amp integrated circuit breaker and Tamper Resistant outlets.

- No need to commandeer a wall outlet, pass-thru power plug replaces wall outlet used to install.

- Includes Metallic Charcoal and Rubberized Black Trim options.

Pass-Through Plug

With the pass-through plug, the PowerHub USB allows you to provide more power outlets for guests without using any power outlets itself. (US AC Models Only)
